Professional Summary

Creative and detail-oriented Frontend Developer with hands-on experience building responsive, user-centric web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Proven ability to translate design concepts into seamless digital experiences, integrate RESTful APIs, and collaborate effectively in agile team environments. Passionate about performance optimization, accessibility, and delivering clean, maintainable code.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, jQuery.

Tools & Workflow: Git, GitHub, REST API Integration, Responsive Design, Web Accessibility, Debugging & Performance Optimization.

Methodologies: Agile Collaboration, UI/UX Best Practices, Cross-Browser Compatibility.

Professional Experience

Frontend Developer Intern (Contract)

Nile Technologies | September 2024 – December 2024

- Architected and developed a full-scale e-commerce platform from the ground up, implementing dynamic UI components with React.js and styling with Tailwind CSS.
- Integrated backend REST APIs to power product listings, secure user authentication, shopping cart functionality, and end-to-end order management.
- Optimized application performance and ensured full responsiveness across mobile, tablet, and desktop devices.
- Collaborated closely with backend engineers to refine API contracts and improve data-fetching efficiency.

- Conducted rigorous debugging and UI/UX refinements to enhance site speed, accessibility, and overall user satisfaction.

Frontend Developer Apprenticeship

Techathon | October 2022 – February 2023

- Contributed to high-impact site optimization initiatives that improved load times and overall application performance.
- Partnered with cross-functional teams to identify bottlenecks, troubleshoot issues, and implement scalable frontend solutions.
- Worked alongside product managers to design and prototype cutting-edge features focused on user engagement.
- Developed cross-browser compatible tools and components to ensure consistent user interactions.
- Maintained a continuous testing workflow, proactively resolving bugs and refining usability based on feedback.

Frontend Developer Intern

Side Hustle | September 2022 – October 2022

- Designed, developed, tested, and deployed responsive UI features within tight sprint deadlines.
- Advocated for user-centric design principles, ensuring every design choice enhanced the overall user experience.
- Balanced aesthetic appeal with functional requirements while maintaining strict brand consistency.
- Applied modern engineering best practices and standard web development methodologies to solve complex challenges.
- Created detailed wireframes and mockups to communicate advanced application solutions to stakeholders.

Education

Bachelor of Science in Computer Science

Global Wealth University | March 2021 – September 2024

Certifications

- **Frontend Web Development Internship** — Side Hustle (SH-IT-0361311)
- **HTML Certification** — Sololearn (#1014-26113807)
- **Frontend Web Development Scholarship** — aptLearn (ee2a0c7a890a353)
- **Jobberman Soft Skills Certification** — Jobberman Nigeria
- **Project Management Professional (PMP)** — Joint Professionals Training and Support International
- **Certified Human Resources Professional** — Joint Professionals Training and Support International
